shall constitute approval of plans before it for review or for the adoption of any resolution, motion or other action of the commission.

(e) The commission shall submit an annual report to the council of the general activities of the commission for the preceding year, and shall submit such special reports as requested by the council.

(Code 1977, § 5.403)

#### Sec. 17-30. Procedure for review of building plans.

(a) When an applicant whose site or structure is located within the historic district or supplementary historic district makes application to the building department for a building permit to restore, alter, repair, remove or demolish any structure within that district, the building department shall forward a copy of the plans to the historical commission for its review and comment. The historical commission shall within fourteen (14) days after the receipt of such plans forward its recommendations or approval to the applicant. The historical commission may recommend changes or alterations to the plans in keeping with harmonious development in the historic district area. The applicant may comply with the recommendations of the historical commission.

(b) If the applicant elects not to comply with the recommendations of the historical commission, the historical commission shall return the plans to the building department for the issuance of a building permit as allowed by the city building code.

(Code 1977, § 5.404)

#### Sec. 17-31. Duties and powers of the commission.

(a) It shall be the duty of the historical commission to review plans forwarded to the commission by the city building department, giving consideration to:

- (1) The historical or architectural value and significance of the structure and its relationship to the historic value of the surrounding area;

- (2) The relationship of the structure to the rest of the structures and to the surrounding area;

- (3) The general compatibility of exterior design, arrangement, texture and materials proposed to be used; and

- (4) To any other factor, including aesthetic, which it deems pertinent.

(b) The commission shall consider only exterior features of a structure shall not consider interior arrangements.

(c) Where an application is received for repair or alteration affecting the exterior appearance of a structure, or for moving or demolishing a structure which the commission deems so valuable to the city, state or nation, that the loss thereof will adversely affect the public purpose of the city, state or nation, the commission shall endeavor to work out with the owner an economically feasible plan for the preservation of the structure.

(d) The commission is directed to establish bylaws and criteria to govern its procedures and to adopt a set of standards, principles and criteria for use in determining historic sites or structures. The commission shall be guided by the standards and criteria adopted as guidelines for state and federal historical preservation authority where the standards are equitable.

(e) Whenever the performance of its duties requires it, the commission shall cooperate with any appropriate citizens' group or historical society, planning commission, beautification committee or other commissions that may from time to time be appointed by the council.

(Code 1977, § 5.405)

#### Sec. 17-32. Exceptions.

Nothing in this article shall be construed to prevent the orderly maintenance or repair of any structure under a permit issued by the building department of the city.

(Code 1977, § 5.406)

#### Sec. 17-33. Acceptance of gifts, grants or bequests.

The city may accept gifts, grants or bequests from the state or federal government for historic
